TIMPS COMPLEX-L3CT®

Delyps is a booster serum for the lips particularly indicated **after the medical procedure of lip enhancement with filler.**

Thanks to its special moisturizing, antioxidant and smoothing formulation, it gives the lips:

brightness

softness

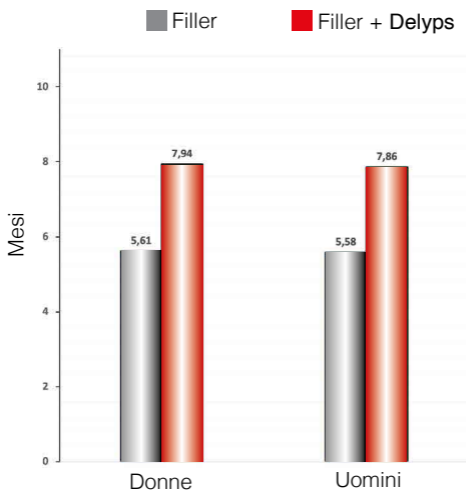

prolonged volume effect

The special  
**TIMPs COMPLEX-L3C1<sup>®</sup>**  
based on tissue inhibitors  
of metalloproteinases,  
reduces the natural  
degradation  
of hyaluronic acid  
in the human body,  
**increasing the duration  
of the volumizing effect  
of the filler**

TIMPS COMPLEX-L3C1®

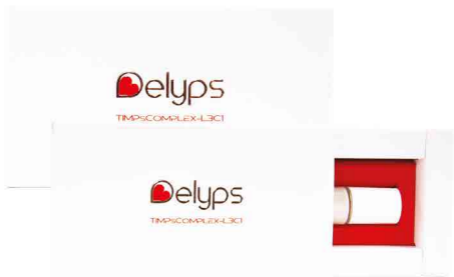

The graph shows the effectiveness of **Delyps** in slowing down the normal absorption of hyaluronic acid, increasing its duration for an average time equal to **+28%**

Suitable for the daily routine,  
protects from external agents:

sunrays  
low-high temperatures  
chemical agents
